SUBJECT: 2022 STREETS, BRIDGES & SIDEWALKS COMMUNITY BOND COMMITTEE REQUESTED INFORMATION

This memo addresses requests for information from Committee members from the Streets, Bridges & Sidewalks 2022 Community Bond Committee meeting held on October 27, 2021.

Committee Member Requests

Comprehensive List of All Projects: Committee members requested the entire list of Streets, Bridges and Sidewalks projects that were originally under consideration for the 2022-2027 Bond Program. Attachment A is a list of all the Streets, Bridges and Sidewalks projects that were originally under consideration for the 2022-2027 Bond Program.

Scoring Criteria: Committee members requested more information on the scoring of projects to understand the process. Attachment B is an overview document that provides definition of the three project classifications (i.e., district, regional and citywide projects) and details the evaluation criteria staff used to score recommended projects.

Map of Projects: Committee members requested a geographic map of the locations of the proposed Streets, Bridges and Sidewalks bond projects. Attachment C illustrates the map of all the locations of the proposed 2022 Bond Streets, Bridges and Sidewalks projects.

Drainage Improvements Linked to Street Projects: Committee Member Joe Bravo (District 2) requested a list of drainage bond improvements that are linked to street projects within the proposed bond. Summarized below is the list of the three-project proposed for 2022 Bond Streets, Bridges and Sidewalks and Drainage funding.

District	Project	Proposed 2022 Bond Street Funding	Proposed 2022 Bond Drainage Funding
8	Gardendale (Wurzbach to Blumel)	\$ 3,000,000	\$ 3,360,000
9	Evans Road Improvements (Encino Rio to Bulverde Rd)	\$ 19,500,000	\$ 10,000,000

F Streets: Mike Garza (District 8) & Dan Rossiter (District 6) were interested in a more comprehensive list of “F” streets as they pertain to specific City Council Districts. Attachments D provides a list of all F-streets and associated map illustrating all of F-Streets for each Council District.

Additionally, Committee member Dan Rossiter (District 6) requested the number of lane miles of F-rated streets in relation to the percentage of funding allocated for each district. City of San Antonio has a 4,190 centerline miles network of which 11% (457 miles) of streets are failed streets. Summarized below is the completed table provided by Mr. Rossiter updated with the requested number of lane miles of F-rated streets for each district. The proposed allocation of dollars for F-rated streets for each district follows the approved methodology used for the Street Maintenance Program as part of the FY 2022 Adopted Budget which allocates funding using a needs-based approach. The program allocates 50% based on the size of each council district’s network and the remaining 50% on the condition of each district’s network.

District	*Proposed Funding for F-Street	Percentage Funding	Centerline Miles F-Rated Roads	Percentage F-Rated Roads
1	\$ 11,495,000	11.50%	68.69	15%
2	\$ 11,980,000	11.98%	77.19	17%

**Proposed funding based on Street Maintenance Program methodology.*

Additional City and Other Funding sources for projects: Committee members requested a list of the other funding sources being leveraged toward the proposed 2022 Bond Streets, Bridges, and Sidewalk projects. All committee members in attendance received a binder which included Attachment E in the notes section of the binder. Attachment E lists the recommended 2022 Streets, Bridges, and Sidewalk projects by district and recommended funding amount, including a column to denote the amount and funding source for other committed or potential funding being leveraged.

Additional Information Regarding Recommended Floyd Curl Project: Committee member Mark Camann (District 5) requested additional information regarding the justification for the Floyd Curl project in an email to City staff on Friday, October 29, 2021. The Floyd Curl project is recommended based on the long-standing partnership between the City of San Antonio and the Medical Center Alliance (MCA). MCA has contributed approximately \$29 million of the total \$80 million investment in infrastructure and safety projects over the last 15 years. Additionally, Floyd Curl Road serves as the main artery into the Medical Center Area. Its deteriorated condition merits more than a routine maintenance application but requires full roadway reconstruction due to the soil conditions. The proposed 2022 Bond Floyd Curl bond project will provide roadway improvements from Huebner Road to Charles Katz to include curbs, sidewalks, driveway approaches, bicycle amenities, drainage, and traffic improvements as appropriate and within available funding.
