## KGSA-TV

CHANNEL 16.1

Push your TV remote's SAP button to turn on functionality. If your remote does not have an SAP button, try accessing the TV menu and looking for SAP or Language options to turn on functionality.

## GRANDE

CHANNEL 20

You can choose the language that displays on the screen button and descriptions, and also change the secondary digital audio that is available with certain networks and programs.

1. Choose Audio Setup from the Setup menu and change the default setting.
2. Choose English or Spanish.

This feature is only supported on certain digital channels that provide secondary audio. If the chosen audio language is not available, the default audio language will be heard.
