

SAN PEDRO SPRINGS PARK

REPORT

The background of the entire page is a photograph of a park. It features a body of water (a lake or pond) with several people walking along a path on the left. Lush green trees are visible in the background, and some orange flowers are in the foreground on the left. The sky is blue with some white clouds.

INTRODUCTION

San Pedro Springs Park, the oldest park in Texas, is a historic site centered around the San Pedro Springs. This 46-acre park offers the community opportunities for recreation, access to nature, and a connection to our city's rich history. The historic San Pedro Playhouse, McFarlin Tennis Center and San Antonio's first library, San Pedro Branch Library, are all located within the park, further enriching the offerings of this beloved park.

In 2022, San Antonio committed to investing \$1.75 million dollars into San Pedro Springs Park through the bond and in 2023, the City Council District 1 office under Councilwoman Kaur, committed an additional \$1.75 million to support the revitalization of the park.

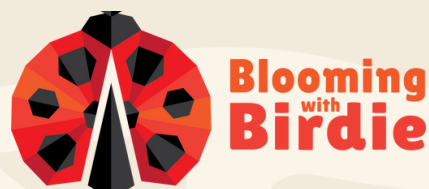

Supporting City of San Antonio's Parks & Recreation Department and District 1 City Council, Blooming with Birdie and the Impact Guild developed a thoughtful and engaged public input process to activate key stakeholders and community members to take an active role by providing feedback on the future of the park.

Blooming with Birdie and the Impact Guild developed the strategy, design and implementation in alignment with the following Project Goals:

Manage and support a thoughtful and engaged public input process that activates key stakeholders and community members to:

- Engage with the history, relevancy & culture of San Pedro Springs Park
- Inform 2022 Bond Project Priorities
- Take an active role in the future of the park including preliminary research on a San Pedro Springs Conservancy, continued programming, & financial sustainability

The following report is a summary of the community engagement process, key findings and recommendations, and data collected.

EXECUTIVE SUMMARY

The community engagement process for San Pedro Springs Park unfolded over nine months, beginning with foundational research on the park's history, best practices for local conservancies, and preliminary stakeholder interviews.

Inspired by insights from these stakeholder meetings, the Sueños Campaign adopted two primary strategies for gathering community feedback, concluding with a final event that allowed for higher-level input. Feedback was collected through three main mechanisms:

1. SA SpeakUp Community Survey

This highly accessible digital survey, available in English and Spanish, reached the community through targeted email and text campaigns, along with park signage and flyers, to ensure broad awareness and participation.

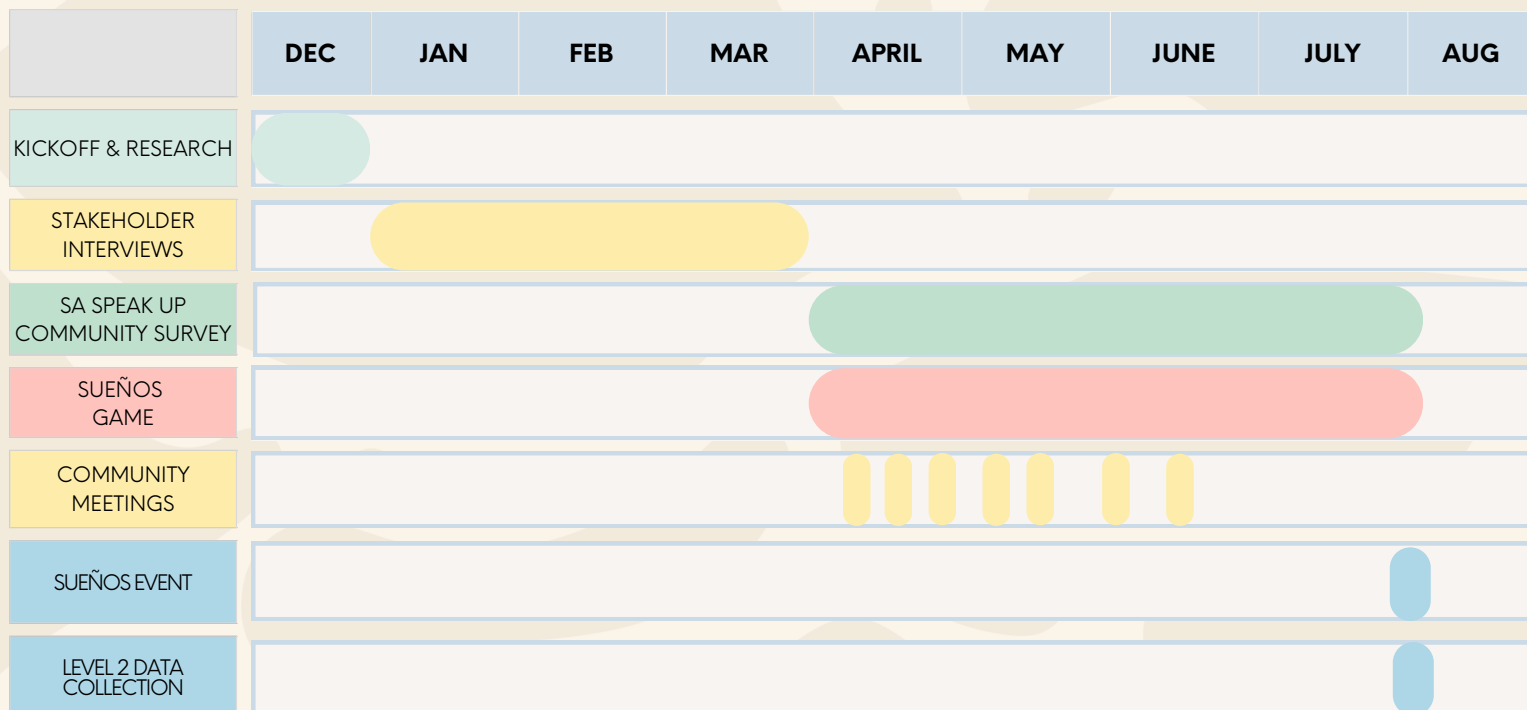

2. Sueños of San Pedro Springs Park Game

This interactive "game" allowed participants to envision and "build" their ideal version of the park while providing feedback on current bond spending and their future aspirations for the space. Engagement for the game took place at park activations and local neighborhood meetings, offering a hands-on, creative way for participants to share their perspectives while learning more about the park.

3. Sueños Event & Level 2 Feedback

The campaign culminated in a community event that served as a final opportunity for feedback. This event was structured around initial findings from both the survey and the Sueños game, enabling a second layer of more detailed feedback on bond allocations and future improvements.

Synthesis of the data and feedback revealed three key pillars of history, recreation, and nature that define the park's contribution to the community. Incorporating these pillars into future design and programming decisions is recommended.

3 PILLARS OF SAN PEDRO SPRINGS PARK

A diagram showing three overlapping organic shapes representing pillars. The top-left shape is blue and contains the word 'HISTORY'. The top-right shape is dark teal and contains the word 'NATURE'. The bottom shape is light teal and contains the word 'RECREATION'. The shapes overlap in the center.

HISTORY

NATURE

RECREATION

VISION

San Pedro Springs Park is the life spring of San Antonio, holding the city's rich history where communities have flourished around its springs for thousands of years.

Today, this 46-acre park offers safe, accessible green spaces that invites community members to reconnect with San Antonio's deep historical roots while exploring nature and engaging in recreational activities.

San Pedro Springs Park 2022 Bond Recommendations

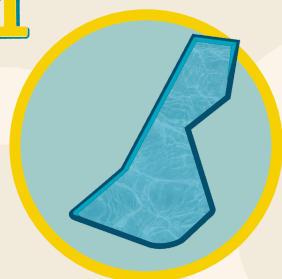

Through the community engagement process of the SA Speak-Up Community Survey, the Sueños Game, and Level 2 data, 1,350 participants indicated priorities for the 2022 Bond.

1,350
PARTICIPANTS

Maintenance & Safety surfaced as the greatest priorities.

TOP RANKED DESIGN FEATURES

1

POOL

2

SHADE

3

RESTROOMS

4

LIGHTING

PARK SIGNAGE

Design wayfinding signage that highlights the park's historical significance and key points of interest as well as "see something, say something" safety signage.

TREES

\$250,000 from the Tree Mitigation Fund will support both existing trees and the planting of new trees.

NEXT STEPS: IMPLEMENTATION

San Antonio's Parks & Recreation Department, in collaboration with Public Works, will develop design plans for the community-prioritized design features and assess which elements are feasible for construction leveraging 2022 bond funds.

METHOD

Data Collection & Community Engagement

Stakeholder Interviews

- Key Stakeholders by proximity, historical context
- Informed priorities and 23 Potential Park Features
- Biproduct: Partners of San Pedro Springs Park

SA Speak-Up Community Survey

- Digital campaign
 - Low touch
 - 4 minutes
- High Accessibility
 - English & Spanish
- Deployment
 - Large reach
 - Text & email campaigns
 - Fliers, Signage in Park

Sueños Game

- Facilitated Activity
 - High touch
 - 15-20 min
- High quality, informed data
- Educational opportunity
 - Design features
 - Budget, physical constraints
- Inspired involvement
- Deployment
 - Park activations, Neighborhood meetings, in partnership with D1 office

Sueños Event and Level 2 Data

- Informed by Community Survey & Sueños Game
- Second layer of feedback based on 9 trending features
- Most informed feedback; Actionable
- Highly engaging experience "Yellow Brick Road of Feedback"
- Community Event
 - 22 community partners and organizations

COMMUNITY DATA SOURCES

Total: 1,350 participants

SA SPEAK-UP COMMUNITY SURVEY

814 participants

SUEÑOS GAME

183 rounds of gameplay, 358 participants

SUEÑOS EVENT

DATA SUMMARY

One thousand, three hundred fifty data points were collected on park attendance, overall priorities, and on the 23 potential design features that were developed based on insights gathered during research and interviews with community stakeholders.

Data was collected from the following 3 sources:

SA Speak Up Community Survey

Sueños Game

Level 2 Feedback
@ Sueños Event

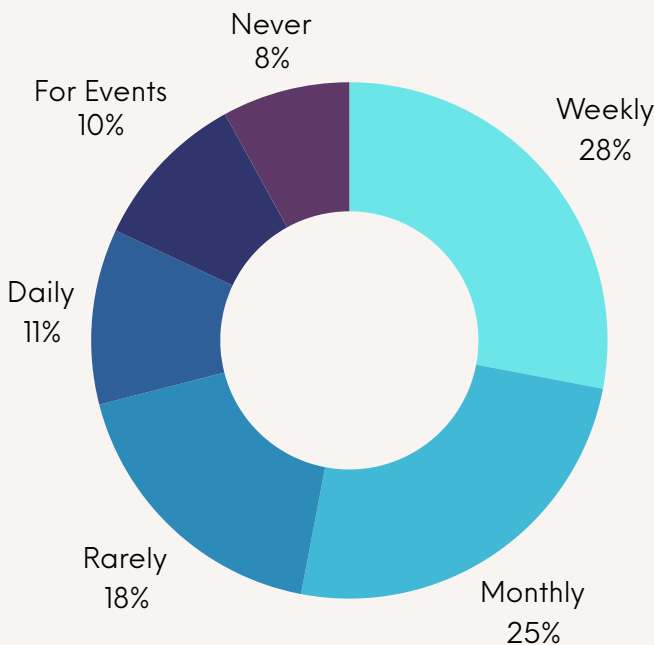

The following pages are a high level summary of this data with full data available in the appendix.

PARTICIPANT PROFILE

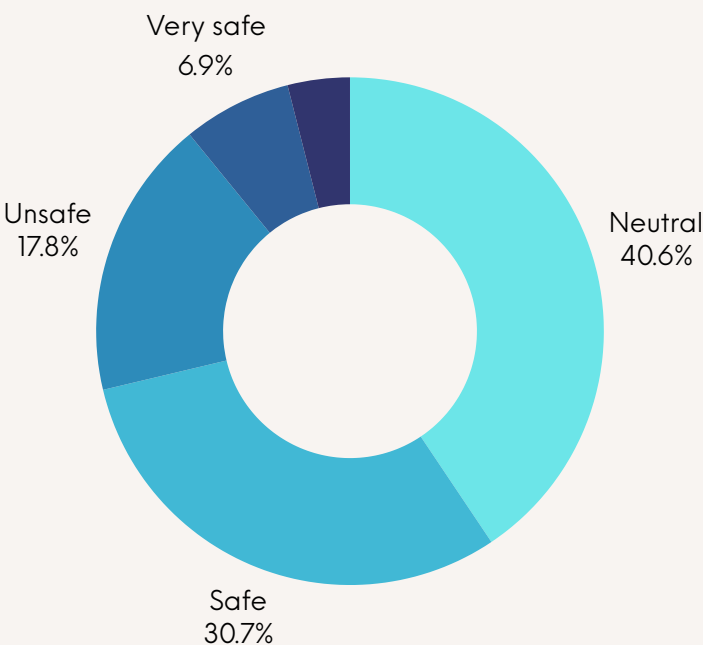

SA Speak Up Community Survey

How frequently do you visit San Pedro Springs Park?

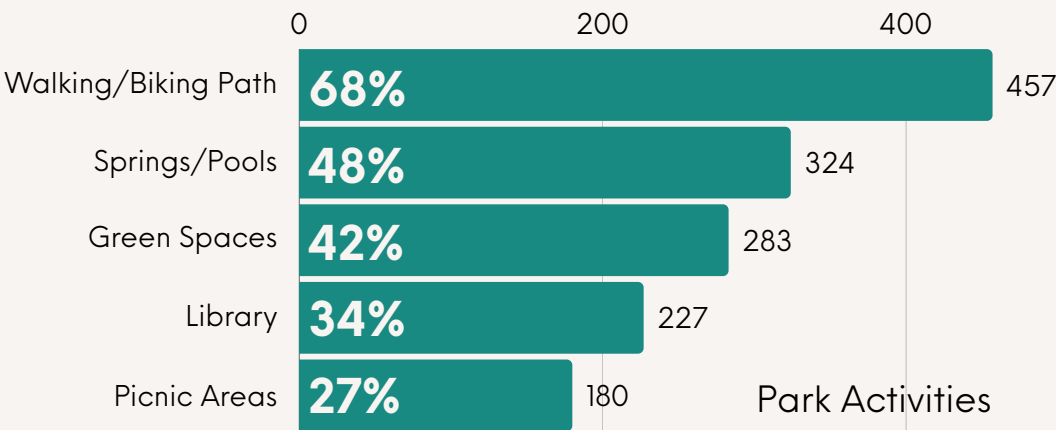

39%
of survey participants attend the park on a daily or weekly basis.

How safe do you feel in San Pedro Springs Park?

79%
of participants feel safe or neutral in the park.

Which activities do you currently engage in at the park?
Check all that apply and submit each answer.

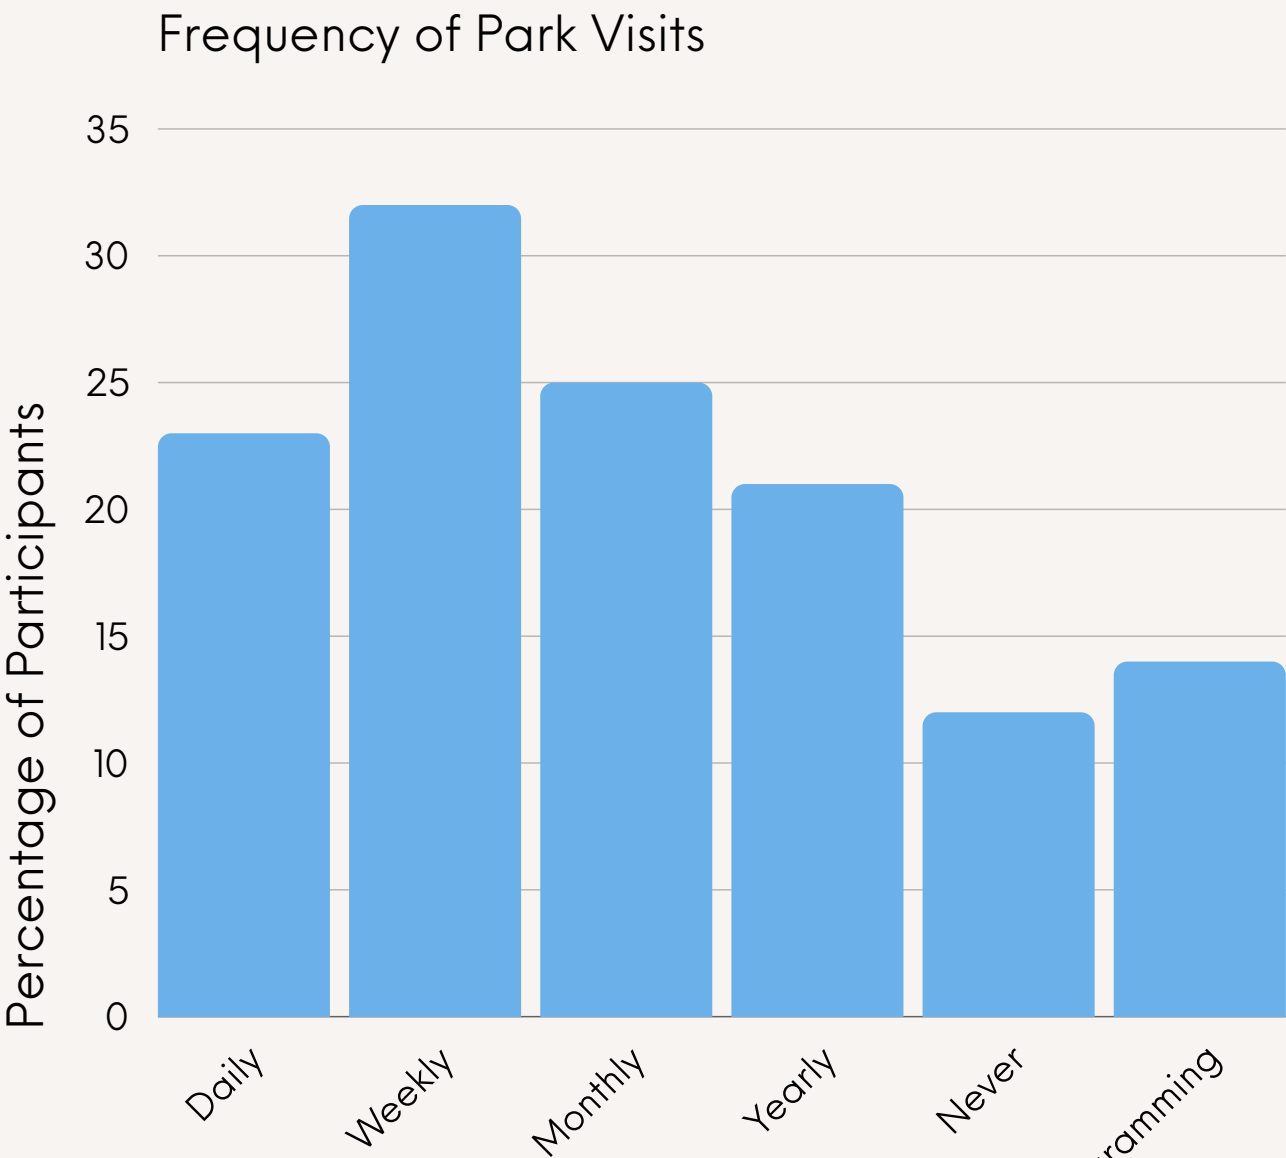

WALKING PATHS
are the primary activity of current park users.

PARTICIPANT PROFILE

Sueños Game

For Events or Programming

The majority of participants

54%

attend the park on a daily or weekly basis.

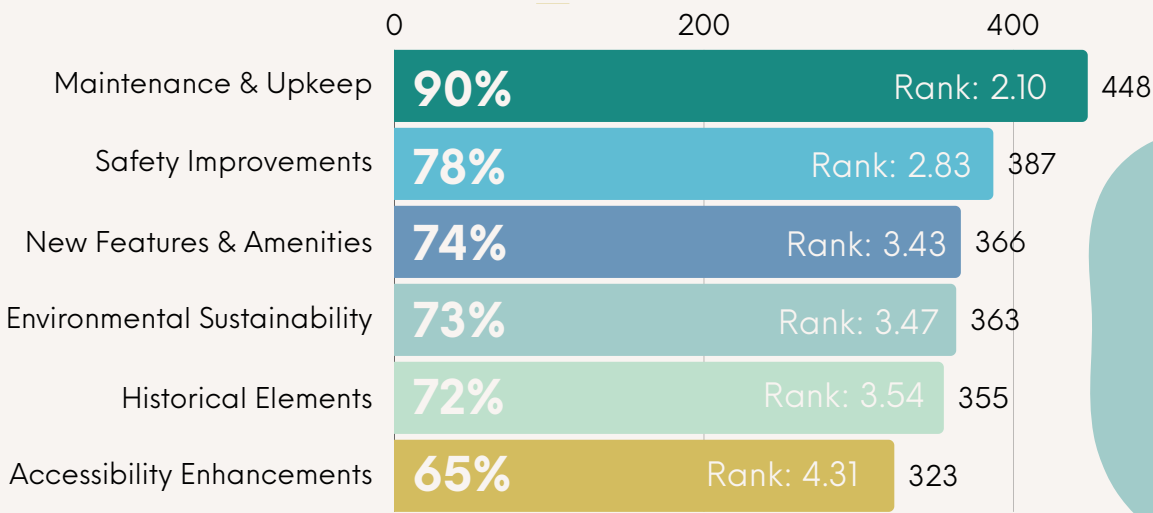

PRIORITIES

SA Speak Up Community Survey

Maintenance & Upkeep and **Safety Improvements** in the park are a clear and immediate community priorities.

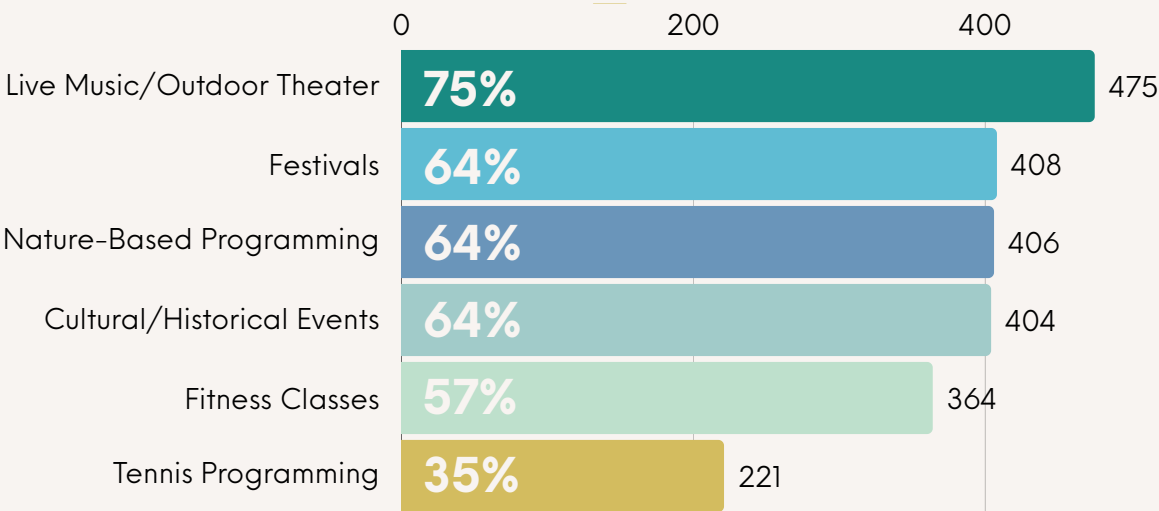

Rank the following potential enhancements to the park in order of priority to you (1 being the most important).

Data suggests that new features and amenities is a longer-term investment.

What types of programming would you like to see at the park? Check all that apply.

Programming in the Park:
Live Music & Outdoor Theatre surfaced as the top priority.

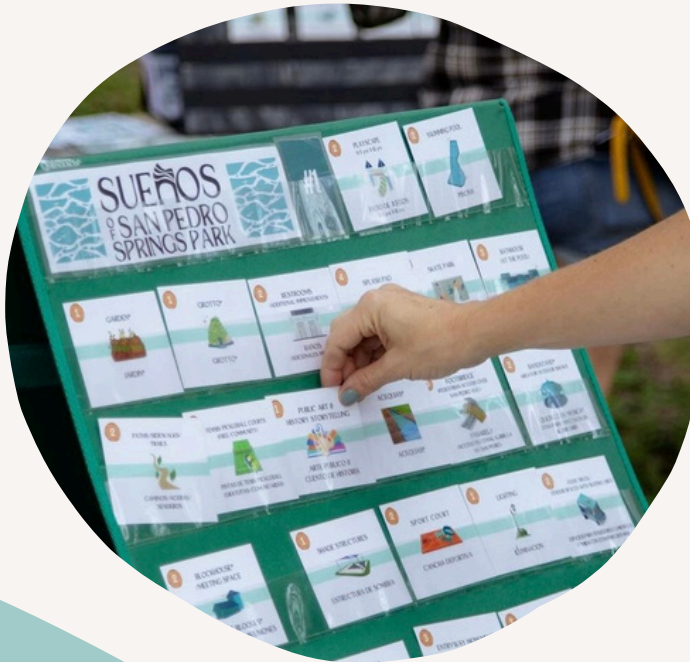

DATA POINTS

Potential Design Features

Community Members were invited to prioritize and vote on the following 23 Design Features in both the Community Survey and the Sueños Game. The list of features was developed based on insights gathered from Community Interviews with 30 stakeholder organizations. In both the Sueños Game and the Community Survey, community members were also invited to add features not found on this list.

- **ACEQUIAS***
- **BANDSTAND***
- **BATH HOUSE**
- **BLOCKHOUSE***
- **ENTRYWAY MONUMENT**
- **FOOD TRUCKS**
- **FOOTBRIDGE**
- **GARDEN***
- **GRILLS**
- **GROTTO***
- **LIGHTING**
- **SKATE PARK**
- **SPLASH PAD**
- **OUTDOOR AMPHITHEATER**
- **PATHS, SIDEWALKS, TRAILS**
- **PAVILION**
- **PLAYSCAPE**
- **PUBLIC ART & HISTORY**
- **RESTROOMS**
- **SHADE STRUCTURES**
- **SPORT COURT**
- **SWIMMING POOL**
- **TENNIS / PICKLEBALL COURTS**

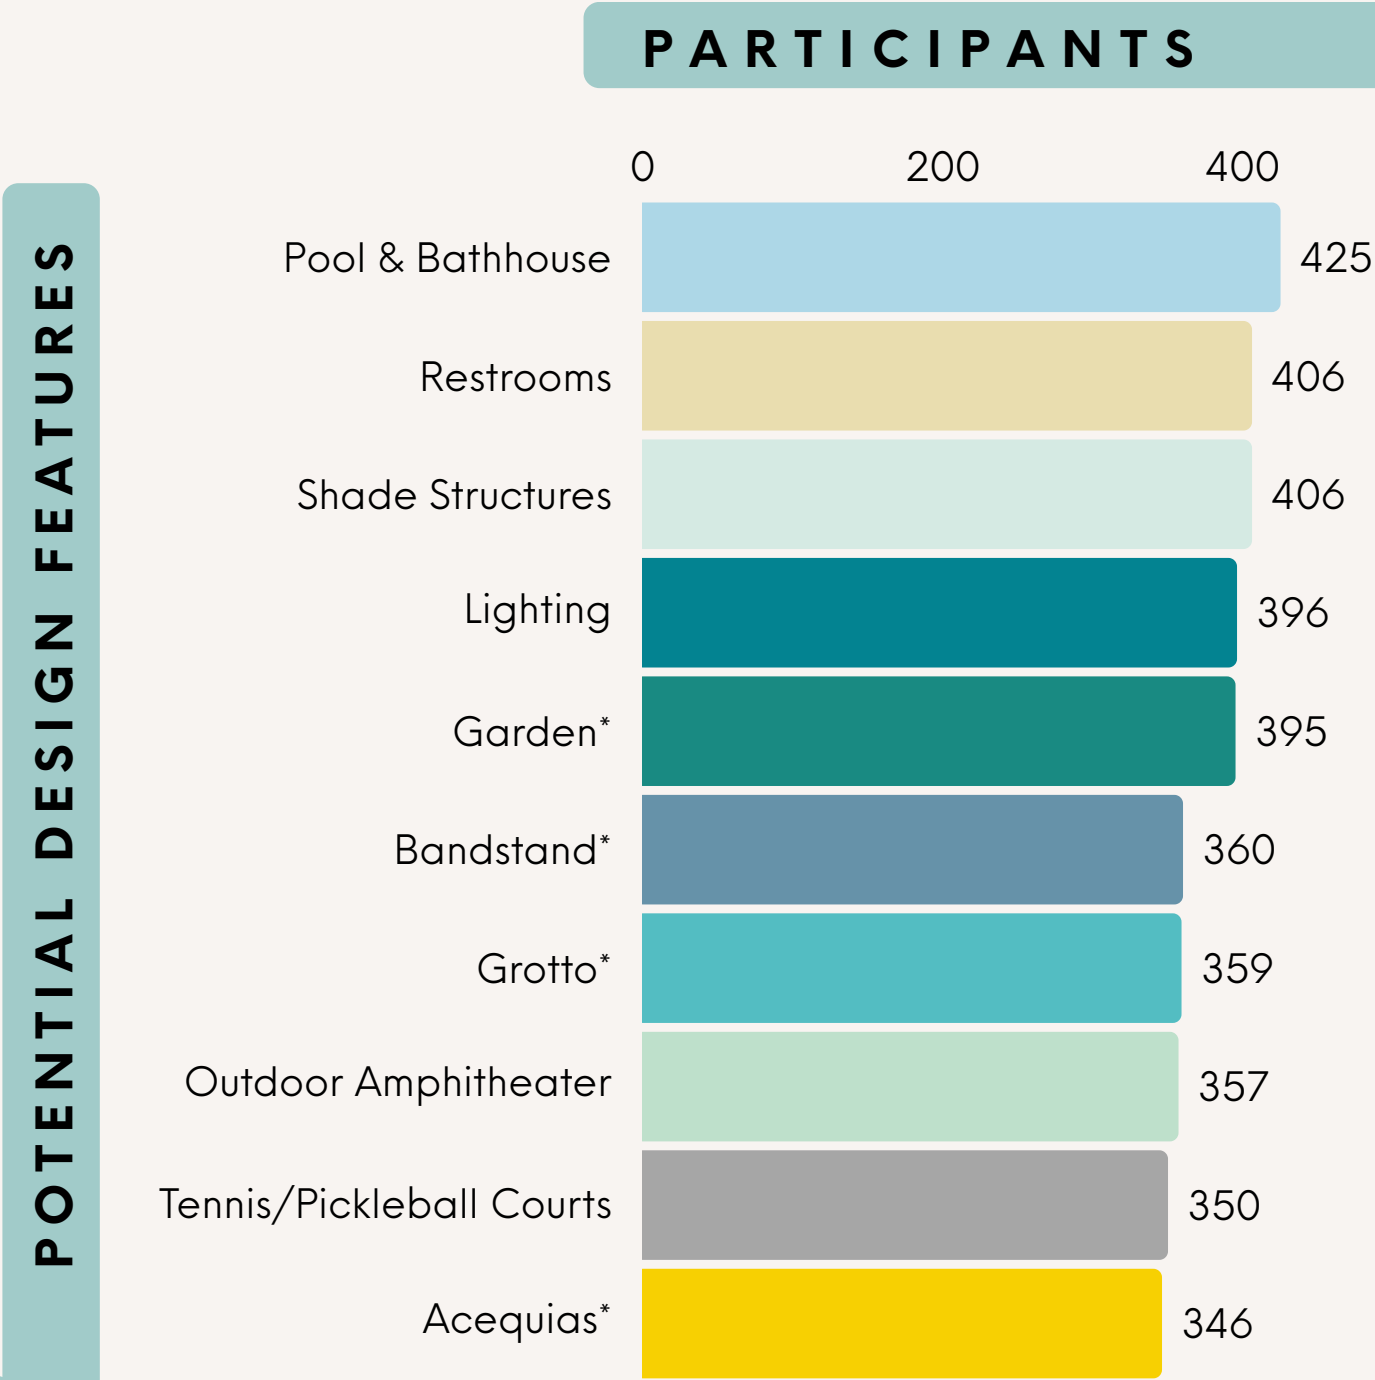

PROCESS

In the Sueños Game, the back of the card educated community members about the Design Feature to provide more informed data. Historical features were also delineated (*).

TOP 10 RANKED DESIGN FEATURES

SA Speak Up Community Survey

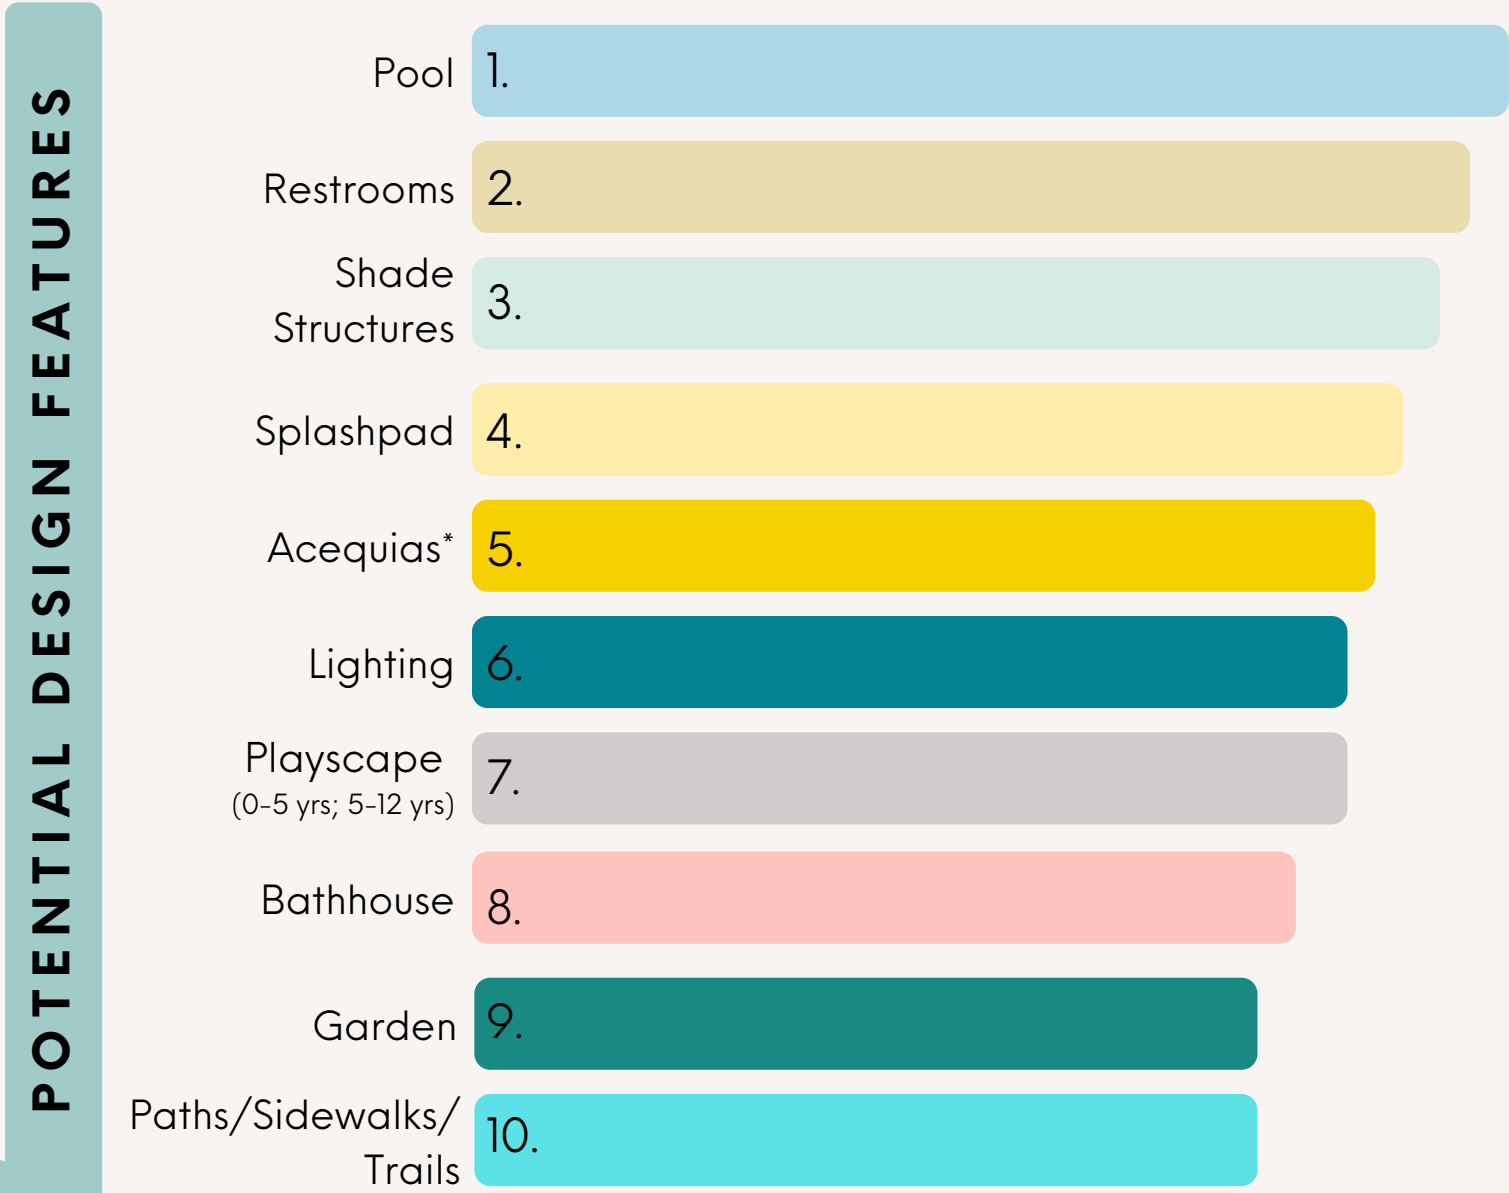

*See Appendix pg 44 for full results

TOP 10 RANKED DESIGN FEATURES

Sueños Game

Data was collected using Survey Monkey. Survey Monkey calculates the average ranking for a ranking question by adding the weighted average of each answer choice, divided by the total number of responses.

*See Appendix pg 48 for full results

SYNTHESIZED TOP RANKED DESIGN FEATURES

	Feature	Sueños Rank	Survey Rank
	Pool	1	1
	Shade	3	2
	Restrooms	2	3
	Lighting	6	4

LEVEL TWO DATA

Additional feedback was gathered during facilitation of the Sueños Game, in community interactions, and during targeted outreach based on the community survey. This feedback was synthesized in June and informed Level 2 Data that was then collected during the Sueños Event. An average of 244 people voted on each of the following 9 features using Voting Feedback Boards:

- POOL
- PLAYScape
- GARDEN*
- RESTROOMS
- SHADE STRUCTURES
- RECREATION SPACE
- TENNIS COURTS
- ACEQUIAS*
- DOG PARK

*See Appendix pg 27-32 for full results

KEY FINDINGS & RECOMMENDATIONS

Synthesis of the data and feedback revealed three key pillars of history, recreation, and nature that define the park's contribution to the community. Incorporating these pillars into future design and programming decisions is recommended.

These pillars were used to inform a vision for San Pedro Springs Park.

HISTORY

NATURE

RECREATION

VISION

San Pedro Springs Park is the life spring of San Antonio, holding the city's rich history where communities have flourished around its springs for thousands of years.

Today, this 46-acre park offers safe, accessible green spaces that invites community members to reconnect with San Antonio's deep historical roots while exploring nature and engaging in recreational activities.

KEY FINDINGS

Community Priorities

Overarching community priorities were collected in the Community Survey and during the facilitation of the Sueños Game. Top community priorities are:

#1 Maintenance & Upkeep

#2 Safety

TOP RANKED DESIGN FEATURES

1

2

3

4

PARK SIGNAGE

The need for wayfinding signage to highlight historical significance, key points of interest, and “see something, say something” safety signage was inspired by the initial stakeholder meeting and then confirmed anecdotally throughout the community engagement process.

DESIGN FEATURE RECOMMENDATIONS

POOL

- As the Springs have drawn people to this place for 1000s of years, it is recommended to continue to invest in water as a priority design feature and draw for the community.

DESIGN PRIORITIES

1. Shaded Seating:

Umbrellas, Chairs, Tables (moveable)

2. Splash Pad

Near the pool

3. Food & Beverage Concessions

Near the pool

LOCATION

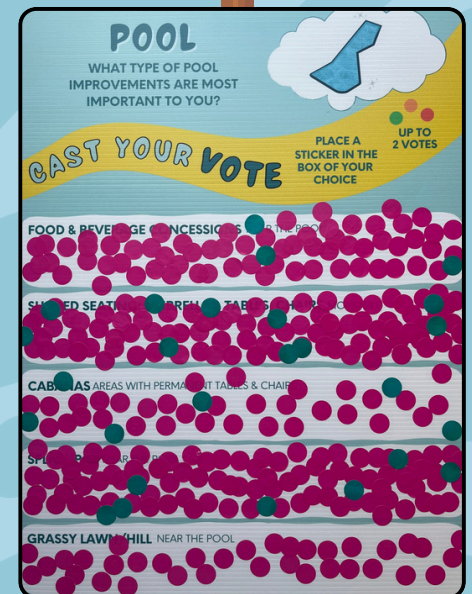

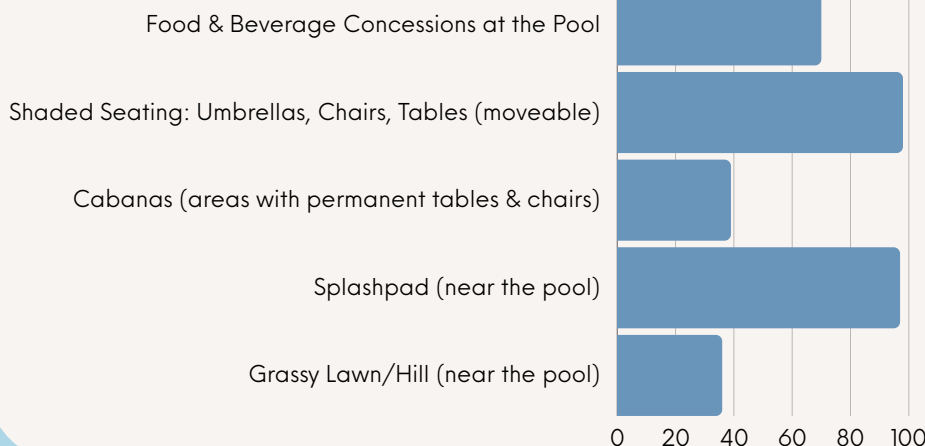

- Food concessions & splash pad in proximity to one another and to the pool
- Per conversations with the Parks & Rec Dept, it is recommended that fences or other barriers are used to maintain separation of food from the pool area as necessary.

OTHER CONSIDERATIONS

- Restrooms:** As the 3rd ranked design feature, updates to restrooms in proximity to the pool are recommended.
- History:** Consider ways to incorporate history into design such as acequias in splash pad design and/or use of Alamo Bandstand or Swan Houses in concession design.

LEVEL 2 DATA

What types of pool improvements are most important to you? Up to 2 votes

DESIGN FEATURE RECOMMENDATIONS

2

SHADE

- An increasingly imperative safety investment that also supports existing park usage

DESIGN PRIORITY

Pavilion Top ranked type of Shade Structure and top ranked Recreation Space type

LOCATION

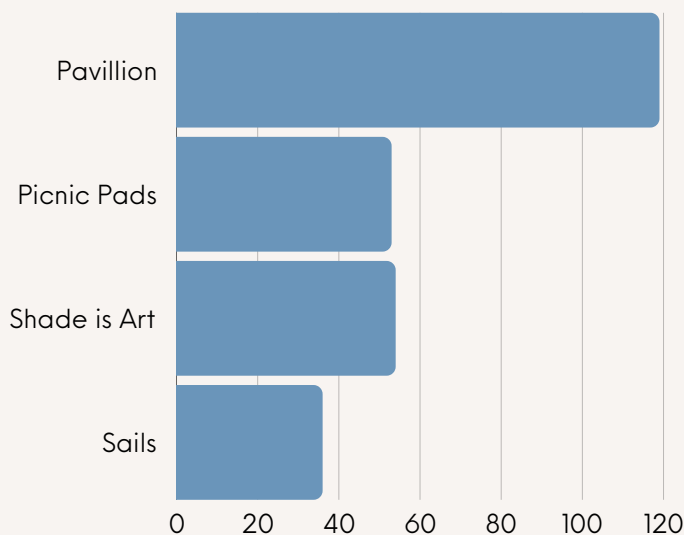

- 51% of participants preferred that the Pavilion be located in the southwest quadrant of the park

OTHER CONSIDERATIONS

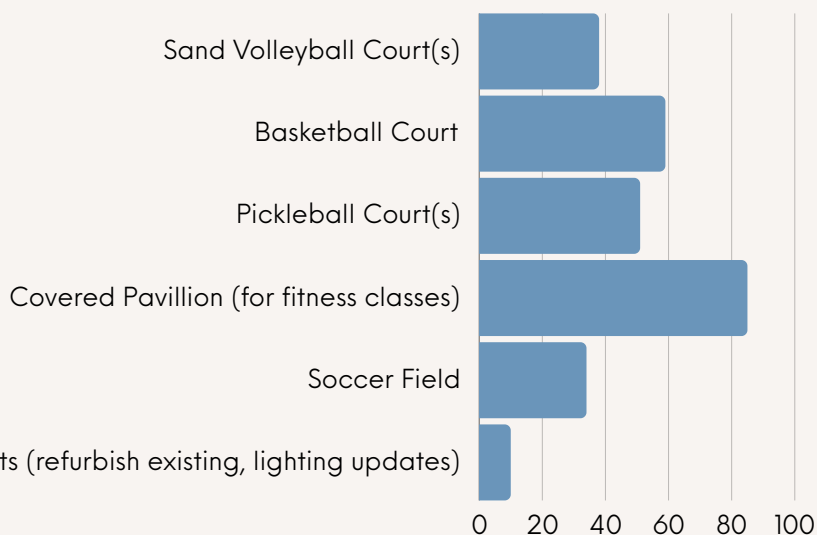

- Shaded seating is the number 1 priority for Pool
- Shade over the picnic pads and playground are preferred for any additional shade features

LEVEL 2 DATA

What style of shade structures are in the park of your dreams? Up to 2 votes

What type of recreation space would you like to see in the park? Up to 2 votes.

RESTROOMS

- Update current restrooms at pool bathhouse and Mrtyl restrooms
- Addition of another basic restroom facility

- 59% of participants preferred an additional restroom to be in the northwest quadrant of the park near the playscape

- Consider additional ways to support safety during restroom use

Where in the park would you want additional restrooms and/or improvements? Place up to 3 stickers on the map.
The yellow stars show where existing restrooms are.

DESIGN FEATURE RECOMMENDATIONS

LIGHTING

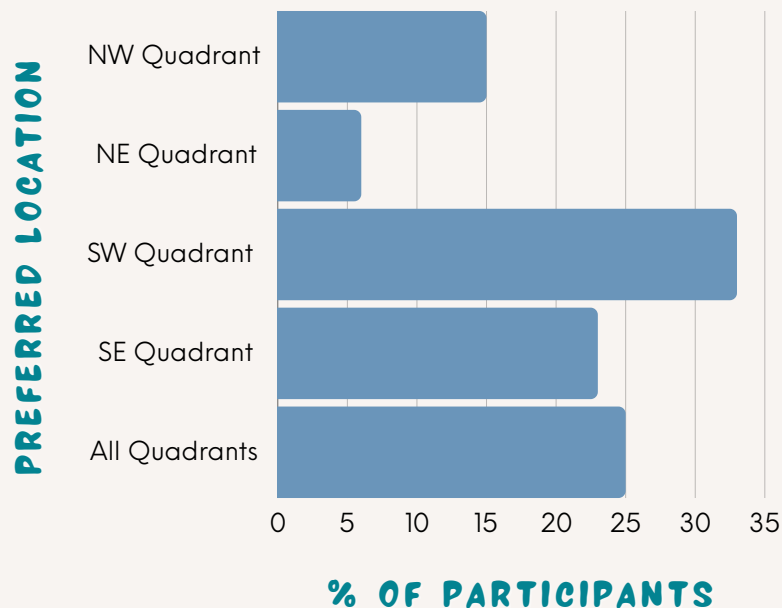

- Maintenance and safety measures to support and increase park usage

DESIGN PRIORITIES

- Maintenance to existing lighting
- "Increased lighting throughout park" in darkest areas
 - Areas with high tree density feel unsafe. Qualitative recommendations include lighting of the trees, pointed down to honor Lights Out! and Bird City initiatives
- High placement to avoid vandalism
- Use of Solar

LOCATION

SUEÑOS GAME DATA

DESIGN FEATURE RECOMMENDATIONS

TREES

\$250,000 from the Tree Mitigation Fund for San Pedro Springs Park is outlined in the 2022 Bond

COMMUNITY INTEREST

Community members overwhelmingly expressed interest in:

- Caring for existing trees through added irrigation
- Planting and irrigation of new trees
- Acknowledged the need to remove dead trees

OTHER CONSIDERATIONS

Explore the potential to repurpose trees that are removed into Nature Play elements at San Pedro Springs Park

- Urban Tree & Coral Studios created a very popular, temporary Nature Play course from reclaimed trees for the Sueños Event
- Level 2 data for Playscapes: #1 priority is Nature Play
- Community preference:
 - Parkour Generation via the community expressed that this type of “explorable spaces that are unscripted promotes creativity and play and personal development; a space designed for people of all ages to interact with.”

FINAL RECOMMENDATIONS

Maintenance & Safety surfaced as the greatest priorities.

TOP RANKED DESIGN FEATURES

POOL

SHADE

RESTROOMS

LIGHTING

PARK SIGNAGE

Design wayfinding signage that highlights the park's historical significance and key points of interest as well as "see something, say something" safety signage.

TREES

\$250,000 from the Tree Mitigation Fund will support both existing trees and the planting of new trees.

NEXT STEPS: IMPLEMENTATION

San Antonio's Parks & Recreation Department, in collaboration with Public Works, will develop design plans for the highest-ranked features and assess which elements are feasible for construction leveraging 2022 bond funds.

5	130

ADDITIONAL FEEDBACK

Additional feedback was collected throughout the engagement process, including during the Sueños Game facilitation, community interactions, and targeted outreach following the community survey. This input shaped Level 2 data analysis and informed subsequent recommendations. Below are the most frequently shared comments and how they were integrated into the feedback process.

What is happening with the trees?

How can we save them?

The community expressed care for the trees as a clear priority and shared a desire for irrigation, removal of dead trees, and new trees to be planted.

Water as a theme:

The community expressed interest in restoring the natural springs

- **Result:** Worked with Edwards Aquifer to explore options
- **Result:** Potential use for acequias? Concept added to Level 2 data collection

What kind of playscape?

The Parkour Community responded to the community survey and shared their desire for opportunities for a parkour friendly playscape

- **Result:** Invited to participate in Sueños Event
- **Result:** Preference for type of playscape added to Level 2 data collection
- **Result:** Idea to create a Nature Playscape to repurpose trees, demonstrated at Sueños event

I didn't even know "that" was at the park! (Playhouse/Library, etc.)

The community often referenced a lack of awareness of all offerings at the park.

- **Result:** Recommendation to add way-finding signage to park

Dog Park as highest frequency write-in on Sueños Game

- **Result:** Added to Level 2 data collection

What would tennis court improvements mean/look like?

- **Result:** added to Level 2 data collection

What does pool renovation look like?

- **Result:** Added to Level 2 data collection

What type of sport court?

- **Result:** Added to Level 2 data collection

Other feedback that was desired but not feasible

- Return natural spring pool
- Via to relocate

A clear desire for Programming as mirrored in community survey results.

STAKEHOLDERS

The following is a list of key stakeholders who were interviewed at the beginning of the community engagement process. These interviews informed the list of community priorities and 23 Potential Park Features on which data was collected through the SA Speak Up Survey and Sueños game.
