DATE: December 21, 2023

This memorandum addresses the San Antonio Police Department's (SAPD) procedure on the release of audio and video recordings as they relate to a critical incident that occurred on December 10, 2023.

On December 10, 2023, San Antonio Park Police officers responded to a disturbance call to Apache Creek Greenway North. The caller indicated that the suspect had several outstanding warrants. When officers arrived, the suspect ran and soon after one of the officers located him, the suspect physically attacked the officer and a struggle ensued. During the struggle, the suspect attempted to take the officer's service gun from its holster. A second officer fired his gun at the suspect, striking him once. The suspect was pronounced deceased at the scene. No officers or bystanders were injured.

The incident's audio and video recording will not be released because it meets the criteria under SAPD Procedure 410 Section 19: *prohibited by law (for example where the incident involves a juvenile) and/or where domestic violence is involved or suspected.*

As with all officer involved shootings, the District Attorney's Office is reviewing the incident.
